

# Environmental Awareness

Our 3-Star superior Waldhotel Kurfürst from Kaisersesch in the Eifel stands as a competent partner in the hotel industry. Our goal is to unite our guests with our competent services and hospitality providing each an unforgettable stay, as well as, showing responsibility towards our environment.

## Regional products

Our region is close to our hearts and emerged from the Eifel Regional Brand initiative certified companies that market approved regional products fairly. We belong to the Eifel hosts and thus support the local suppliers, who have excellent, tested quality products. We always offer seasonal, fresh products on our menu, such as on our breakfast buffet. One can enjoy, delicious rolls from the local bakery, fresh eggs, Eifel ham, cheeses, and other regional products from Eifel brand name.

## Energy efficiency

By using our combined heat and power station, we guarantee a sustainable and economical use of energy in our hotel. Therefore, we use the gain energy not only for heating our establishment, or the wellness area, but also have an electrical power supply for our guests in our hotel. All excess electricity goes into the public network. For additional needs, we receive green electricity from water and wind power energy.

## Our rooms

All our newly renovated rooms have the environmentally friendly Ceramic floor that has the "Blaue Engel" symbol, a federal government eco-label. The other rooms have a short-pile carpet, which is for allergy sufferers agreeable. A cistern with rainwater supplies the toilets within the hotel.

## For the sake of the environment

Predominantly, there is washable table runners, cloth napkins, or tablecloths. Glass or reusable plastic, instead of disposable plastic. Preventing the use of plastic, such as plastic straws have been replaced by stainless steel and cardboard straws. Waste separation: organic, plastic, paper, cardboard. All paper waste goes to a regional recycling company

## Traveling by bus and train

One can reach us without a car. Our house is located just 500 meters from the train station. There are train connections to and from Kaisersesch to Andernach, as well as connections by bus from Kaisersesch to Cochem on the Mosel River.

Many great hiking trails are directly in front of the hotel; for example, the Way of St. James "Camino de Santiago", the "Wilden Endert" Valley trail, the "Steinbachweg" Loop Trail or the "Pommerbach" Valley trail.

## Certificated

We are proud of our environmental actions and are happy to show this through the Viabono Environment Gold Award.
